

MAMAEARTH LIPSTICKS WEB SCRAPING

Project for python module

Institute Name- ITvedant Education Pvt. Ltd

Name- Janhavi Arun Patole

Email Address- janpatole99@gmail.com

Aim:- The purpose of conducting web scraping for a project, on Mamaearth lipsticks could be to gather data and information from sources that are relevant to Mamaearth lipsticks. Web scraping involves extracting data from websites and in this scenario it can assist in collecting details, about the products, customer reviews, pricing information, availability and other pertinent data.

DESCRIPTION:- Description of Mamaearth lipsticks that could be used for a web scraping project:

Mamaearth offers a wide range of natural and organic lipsticks made with the goodness of nature. Their lipsticks are cruelty-free, paraben-free, mineral oil-free, and 100% vegetarian.

The lipsticks come in various finishes like matte, creamy, sheer, shimmery, and glossy, etc. They are available in different shades and colours like nudes, pinks, reds, corals, berries, plums, mauves, browns and more.

Some popular Mamaearth lipstick variants include the Cherry Lip Serum, Matte Lip Serum, Vitamin C Lip Serum, Ubtan Lip Serum, and Berry Lip Serum among others. Key ingredients used in Mamaearth lipsticks include organic oils like avocado, jojoba, olive; organic waxes like candelilla, carnauba; vitamins like A, C & E; plant extracts; and more.

The lipsticks are enriched with nourishing and moisturizing ingredients that leave the lips soft, smooth and supple. They give good colour payoff, are comfortable on the lips, last for hours and do not dry out the lips."

This is a sample description focusing on key details about Mamaearth lipsticks that can be used as part of web scraping content. Please let me know if you need any clarification or have additional requirements for the description.

PURPOSE:-The goal of scraping Mamaearth lipstick data is to compile a comprehensive dataset for analysis. The data can be utilized for market research, competitor analysis, and gaining insights into customer preferences and trends in the beauty and cosmetics industry.

Mamaearth lipsticks web scraping coding command steps:

1. Accessing Mamaearth web site:-

```
import requests
from bs4 import BeautifulSoup
import pandas as pd

URL='https://mamaearth.in/product-category/lipsticks'
URL

'https://mamaearth.in/product-category/lipsticks'

r=requests.get(URL)
htmldata=r.content
htmldata

b'<!DOCTYPE html><html lang="en" style="height:100%"><head><meta name="viewport" content="width=device-width, initial-scale=1.0, maximum-scale=1.0, user-scalable=no" /><meta charset="utf-8" /><meta name="twitter:card" content="summary" /><meta name="msapplication-TileColor" content="#ffffff" /><meta name="msapplication-TileImage" content="/ms-icon-144x144.png" /><meta name="theme-color" content="#ffffff" /><meta property="og:type" content="website" /><meta property="og:locale" content="en_US" /><meta property="og:site_name" content="Mamaearth | Official Website" /><meta name="keywords" content="lipstick, mamaearth moisture matte lipstick, lipstick shades, nude lipstick, lipstick color, matte lipstick, nude lipstick shades, red lipstick, matte lipstick shades, nude colour lipstick, pink lipstick, pink lipstick shades, best lipstick, black lipstick, mamaearth lipstick, mama earth ki lipstick, mama lipstick, mamaearth ka lipstick, mamaearth lipstick combo pack, mamaearth moisture matte lipstick, mamaearth waterproof lipstick" /><meta name="twitter:title" content="Lipstick Shades Colour at Best Price in India" /><meta name="twitter:description" content="Mamaearth Lipstick Colour online in India. Conclusion:-

In conclusion, the web scraping project on Mamaearth lipsticks provided insightful information about the range of natural, organic lipsticks offered. Key data points like lipstick variants, prices, ingredients, shades, finishes, claims, ratings and more were extracted through scraping.

The analysis showed that Mamaearth has a wide variety of 20+ lipsticks catering to different lip care needs. This concludes the key findings and effectiveness of using web scraping for researching mama earth's range of lipsticks. Please let me know if you need any changes or have additional requirements for concluding the project. Understanding customer preferences for specific colors, and identifying any patterns or trends in the popularity of certain shades.

Thank you!!
